Future innovation
G&G always brings you the most innovative products. Not only do we make replicas of real steel; but also push our R&D to develop more features and ergonomic designs to meet a variety of demands from end users.
Finest quality
G&G offers industry leading manufacturer warranty coverage. We stand behind our product quality and test every single rifle before shipping.
FAST SERVICE
We have dedicated professional employees working daily to ensure that all enquiries are responded in a timely manner.
Warranty claims are dealt with within 24 hours by our customer support department.
FREE ITEMS
G&g offers a variety of free items to its customers and will continue to release new giveaways more frequently. We always offer a variety of promotional materials for events and sponsorship to help and support the airsoft community.
FAIR PRICE
Customer satisfaction motivates G&G. Our products offer the best value to our customers, and we never cut corners to build our products.

Please use quality batteries with the CE approval to avoid any unnecessary damage on the product.

Please use the recommended battery in the manual. The use of a battery with a different voltage may damage the product.

Remove the battery from the product when not in use.

Do not wet or incinerate the battery, nor deform the connector.

You may be liable for damaging public or personal property or for injuring a person or an animal even if you only meant to shoot as a "practical joke". Always observe good manners and enjoy fun sport shooting.

Never direct the muzzle towards a person, an animal or any direction that may cause harm to a third party.

When you carry the air gun, attach the safety cap, set the selector lever to the safety position and always put the air gun in a case or bag.

To protect the product's internals from dust, accidental BB discharge and to prevent accidents, put the barrel cover and safety cap on the muzzle, except when you are shooting.
Never pull the trigger while the barrel and the safety cap is attached.

Safety procedures:
1.Attach the safety cap to the muzzle.
2.Set the selector lever to the safety position.
3.Remove the magazine.
4.Remove the battery.

Looking into the muzzle is extremely dangerous regardless of BB's having been loaded or not.
If you get hit in the eye by a BB pellet, you may in worst case, lose your eye sight.

Select a safe place for operating the air gun,avoid places where people and cars are around.

Activating the trigger carelessly is extremely dangerous. Never put your finger on the trigger unless the safety cap is removed and you are ready to shoot a target.

When shooting the air guns for target practice or in a game situation, You and all participants must wear safety goggles or other eye protective gear. Also pay attention to ricochet. It is very important to pay attention to third parties other than the participants.

There may be cases where some BB's remain in the gun after the magazine has been removed. After removal of the magazine, direct the muzzle towards a safe direction and pull the trigger to confirm that there are no BB's remain in the gun, then attach the safety cap.

Always attach the safety cap to the muzzle, remove the battery and store the air gun in a case or bag and at a place that is out of reach by children.

Disassembling or modifying the gun may adversely affect the performance and make it dangerous. It may be against the Law.

(ADVANCED GT G2 series)
Under GT flag, G2 technology is featured in G&G's latest advanced gearbox that is preinstalled with the G2 ETU, featuring power cut-off safety and a MOSFET with a user friendly warning sound system.

(AIRSOFT GUNS CM series)
High quality polymer receiver and budget-friendly product.
The Combat Machine has proven to be the number one seller in the world.

(ADVANCED GT series)
Best realism and Innovation.
The highest quality product line of G&G.

(INTERMEDIATE GC series)
Best economical choice.
High quality AEG of G&G.

(AEG Blow Back System)
A piston driven, air operated mechanism to simulate bolt actions that utilize compressed air to push the bolt without adding extra stress to the gear box.

Letter from the CEO

The Global Leader in Innovation in Airsoft and Simulation Training

2020 was a challenging year for everyone but it didn't slow us down. We saw the strongest global market growth through one of the most difficult times this century. We're very optimistic about airsoft in 2021. Although, SHOT Show and IWA 2021 was cancelled, we will continue to release new and innovating products for the new year. We've been working and designing new products for the world to see and we're excited to share them with you. We are thankful for your support this year.

The Latest innovations in G&G GBB Pistols

In 2017, our engineers created an in-house GBB pistol design known as the GTP 9. It's the first GBB pistol with an adjustable barrel hop-up unit and spinning whirl valve. To improve user experience on the GBB pistol, we developed a new hop-up unit that can be adjusted from the muzzle instead of taking off the slide. This design not only makes the hop-up adjustment much easier compared to traditional designs, but also makes it more precise. Field tests show that the new adjustable barrel hop-up unit increased the range of shooting by 100% and reduced grouping size by 50%.

Later in 2019, we developed a new gas valve to improve the performance of the GBB pistols. Filling the gas into the GBB magazine takes a lot of time and creates gas leakage. The new enlarged gas valve is the solution to this on-going problem. Changing the design of the traditional gas valve, we installed the valve from the inside of the magazine and increased the size of the valve to achieve faster filling speed and durability with larger, stronger components. The new gas valve fills up the magazine 3 times faster without any gas leakage.

For 2021, we're on track to release 6 new GBB pistols to the market. The new addition will complement our existing line nicely. As the sport of airsoft is ever-changing, we are challenged with new trends and demand from players like yourself. 2021 will be a year for our products to stand out in the battlefield with its aesthetics.

The New Age of Powered AEG's

IIn 2015, we debuted the new trigger unit for Airsoft electric guns - known as the ETU. The new electronic trigger unit improved trigger speed and avoided trigger lock. The micro switch on the ETU only takes 2mm between each trigger pull, which allowed users faster response times in shooting or suppressing fire in semi-automatic. The quick control of the micro switch trigger unit is now one of the leading trends in the Airsoft Industry.

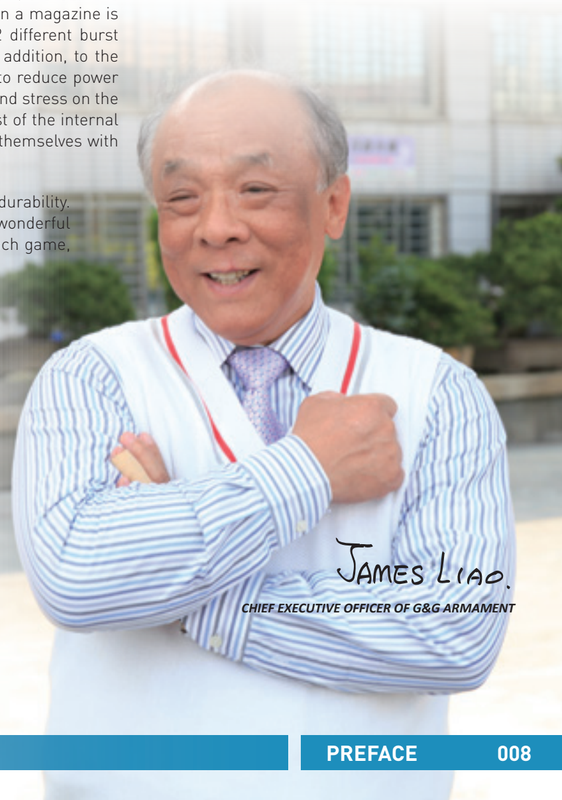

In 2016, we took the existing ETU to the next level and developed a new gearbox system, the G2. This advanced gearbox system featured an upgraded ETU and power-cut off switch for when a magazine is emptied or removed from the lower receiver. We also upgraded the MOSFET with 2 different burst controls, 3-round and 5-round burst, without the use of external remote controls. In addition, to the improved realism on the electronic components, we improved the mechanical design to reduce power consumption and refined the engagement of the bevel gear, thus diminishing the heat and stress on the motor. The G2 gearbox is an enhanced upgrade for the Ver. II gearbox and it keeps most of the internal parts compatible with the traditional gearbox. Users will be able to quickly familiarize themselves with the new G2 gearbox and be able to use after-market parts.

When developing new products or systems, we always concentrate on innovation and durability. Our focus is to bring the best user experience in Airsoft products and to cultivate this wonderful sport. Product quality and after-service is equally important. For Airsofters to enjoy each game, airsoft rifles must work flawlessly, and customer service should be worry-free.

Competitive Shooting and Military/Law Enforcement Training

In the span of 8 years, we have organized 3 International World Cup Shooting Competition Finals in Taiwan with great success. 70 finalists from 25 different countries participated in our most recent finals in 2019. Each competition brings us more participants from more countries.

The G&G World Cup Shooting Competition has become iconic in airsoft competitive shooting sports. In addition to competitive shooting, airsoft is great tool for military/law enforcement to train on because it is more cost-effective, safe, and convenient. When paired with the M.E.T. system, G&G offers the best alternative in training equipment. In fact, since 2017, we have worked closely with the Taiwanese military and built a complete training system at their training command center. As of today, the Taiwanese Marine Corp. and Special Forces also utilize G&G Airsoft products and the M.E.T. system for training. We will continue to work with the Taiwanese military and introduce airsoft as a training system to other command centers and schools in the upcoming year.

James Liao

CHIEF EXECUTIVE OFFICER OF G&G ARMAMENT

Q: There are many Airsoft manufacturers in the world, why is G&G Armament the ideal choice for Airsoft Products?

A: Competitive products require a high standard in quality control. In order to provide trustworthy and high quality products to users, G&G Armament never stops correcting, adjusting and testing our products before release. G&G Armament is also the only manufacturer with the ISO 9001 quality control standard certificate. The ISO 9001 is the international quality control standard, adapted in many other industries and organizations.

A: The ISO 9001 is not our only international acknowledgment. An online survey conducted by **UK magazine Airsoft International** also lists G&G Armament as **the best Airsoft Manufacturer**; this honor was voted in by users and we are proud to share this honor with all Airsofters.

A: **FIRST U.S. MILITARY SCHOOL** ADOPTED G&G PRODUCTS AS THEIR **CADET TRAINING RIFLE**. **G&G** IS UTILIZED BY THE U.S. MILITARY DUE TO ITS HIGH QUALITY AND RELIABILITY.

2001 By targeting the overseas market and combining our experience in part manufacture and design, we were able to attract enormous attention from all over the world with our quality products.

2004 The first G&G Armament completely self-made replica arrived on the market, generating much excitement.

2007 G&G invented the unique pneumatic blowback system, a design that we have registered for patent in multiple countries.

2008 To better satisfy the needs of worldwide Airsofters, G&G established its second factory in Changhua, Taiwan.

2013 G&G became the only Airsoft manufacturer passing the ISO 9001 - which further proves G&G as a company that has quality management and production system.

2015 Taiwan Airsoft & Airgun association was founded by Chief Executive Officer of G&G Armament James Liao and members from Airsoft guns manufactures. James Liao was elected to be the first President of TW A.A.A. In the same year, G&G organized the first G&G World Cup Extreme Shooting Competition in Taipei with the contestants coming from 12 different countries.

2016 G&G started carrying out the self-made gas blowback pistol project to celebrate 30th anniversary.

2017 The first in-house design gas blowback pistol GPM92 was released. The second G&G World Cup Extreme Shooting Competition was organized in Taipei with 60 contestants from 25 countries.

2018 「道(TAO)氣(CHI)真(JEN)實(SHIH)」Four core values of new technology for GBB pistol, being the most innovative product in the market.

2019 G&G Armament is proud to announce that the production of our next generation pistol, the GPM92 GP2, started at 9:09 am on 9/9, 2019 from our head quarters located at No. 999, Zhonghua Rd., Shengan Township, Changhua County. We chose this particular date and time as the number 9 is a very special and lucky number in our culture. With this hope, G&G wishes that the new GPM92 GP2 GBB pistol will bring another peak in the global market for G&G.

2020 Debuted the invisible-light electronic target system.

G&G Headquarter

TAIWAN CHANGHUA

G&G headquarter is located in Changhua county, central part of Taiwan. Due to the location, Changhua is well known for its Agriculture and fruitful soil, also center of many manufacturers. Google data center of Asia is also located in Changhua.

LOGO Design

The logo represents our company's corporate brand spirit to the world. Our high self-expectations, service philosophy and industry are incorporated into the logo in the hopes that it will stick in consumers' minds. The meaning of the logo is detailed below.

Pole arm : Weapon used for assault and stabbing enemies in ancient warfare.
Shield : Protection from enemy attacks.
Pole arms and shields were both used in Western and Eastern battlefields, nowadays, modern warfare has evolved into more accurate and longer range assault rifles and armor.
As one of the leading manufacturers of Airsoft guns, G&G Armament strives to bring quality and innovative products to our customers.

Stars are one of the most common grades to evaluate performance worldwide. We double check our quality control to ensure it exceeds the industry standard.
In addition, G&G Armament offers multilingual customer service. Our 36/ 24/ 36 service is our highest principle in customer service, which includes providing services for 3 different Airsoft operating systems in 6 different languages, we respond within 24 hours from email inquiries and ship products in 36 hours after payment has been completed. Our mission is to provide every customer with the highest level of service.

Front and center is our core value of G&G Armament representing quality. We always challenge ourselves to develop the best technology and bring the highest quality to be a leading manufacturer in the airsoft industry. The flame represents the passion and dedication we have in every product we make.

Each star represents a family member that has laid the foundation of what G&G Armament stands for today. The strong family bond is what makes G&G Armament a friendly and approachable company to our customers. We treat every customer as they were our own family member and build a long lasting relationship. The five family members create a five star symbol which signifies a five star general. Similar to a general, G&G Armament leads the airsoft industry with the help of our customer's feedback and suggestions.

We have G&G Armament written on the bottom to signify the origins from where we started from and the top lettering to represent how we became a top airsoft manufacture.

Corporate Color

Consumers have a very direct impression of product colors. That's why G&G's choice of corporate colors took into account people's visual perception and psychology of colors. Association by experience and by biology was then incorporated to come up with the four following colors as our corporate colors.

G&G ARMAMENT
AIRSOFT GUNS & ACCESSORIES

Red Pantone: 186C
CMYK : 0.100.100.10

Red Is A Passionate, Aggressive And Powerful Color.
The G&g Armament Red Ring Symbolizes The Ongoing Passion And Strong Commitment We Have In Our Products And Customers. G&g Armament Always Interact With Our Customers And Offer The Most Competitive Products And Challenging Shooting Events.

Black Pantone: Black C
CMYK : 0.0.0.100

A black belt in martial arts signifies the level of competence. The inner black ring symbolizes the quality and reliability our products have. Over time we have mastered our products to be the most reliable airsoft guns in the industry. By listening to our customer's feedback, we have perfected reliable and reputable guns.

Blue Pantone: 285C
CMYK : 100.45.0.0

The color signifies royalty, trustworthy, intelligence, confidence and innovation. We use blue to display our newest technology on products that enhances our customer's experience. In addition, being a frontrunner in the airsoft industry, G&G Armament continues to bring our customers reliable products that will last them for years to come.

White Pantone: White C
CMYK : 0.0.0.0

White signifies pure, sacred, simplified and fashion.
G&G Armament's simply approach to having the highest quality control possible has distinguished us among our competition. We're viewed in high regards by the airsoft community on being a dependable airsoft manufacturer. We take white into our logo design to feature the essence of the color.

G&G BRAND — G&G Quality, best product value.

120 click hop-up adjustment

Precision Tuned

Enlarged Gas Valve

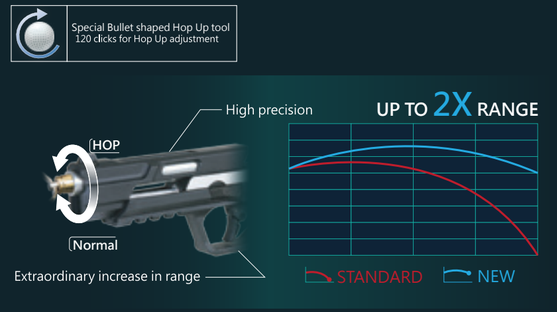

Superior Gas Efficiency

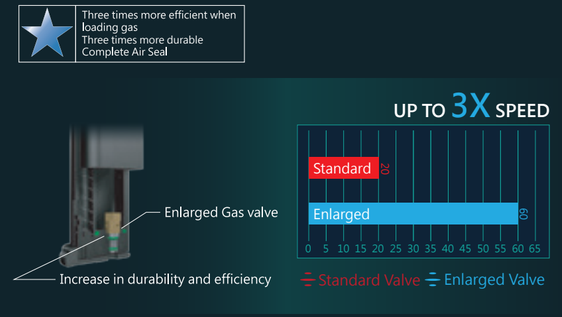

Whirl Cylinder Technology

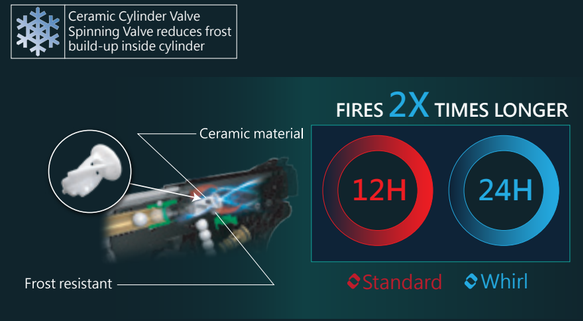

Long-lasting Performance

3 Major Technological Breakthroughs

1. 120 clicks for Hop Up adjustment
2. Three times more efficient when loading gas. Three times more durable. Complete Air Seal.
3. Ceramic Cylinder Whirl Valve reduces frost build-up inside the cylinder.

3 Major Techological Breakthroughs

G2 SYSTEM

G2 GEARBOX

OLD

70% more in height and
74% more in thickness.

1. Double O-ring air nozzle.
2. Thicker padded cylinder head.
(50% thicker compared to previous G&G V2 GB)

Redesigned bevel gear engagements for better performance. Lower power consumption, less heat generated.

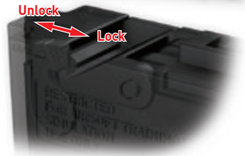

MOSFET

A.D.A.M. AUTO-DROP ADVANCE MAGAZINE

BAMF Magazine 90R Black

When the ADAM magazine is empty, the top plate will flip up and drop the magazine out of the magazine wall.

Lock : Disable Magazine Auto-Drop feature
Unlock Lever : Enable Magazine Auto-Drop feature

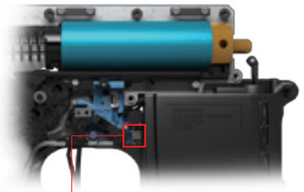

BOLT LOCK

Warning Sound

[ETU + MOSFET WITH BURST CONTROL FEATURE.]

Power cut-off when magazine is removed from the receiver, this feature will also work with hi-cap magazine or any compatible magazine that would fit into the lower receiver. G2 proprietary mid-cap magazine will activate the power cut-off when the magazine is empty.

WORLD PATENT

ETU + MOSFET with burst control feature. Size of the MOSFET has been reduced by 50% to leave more space in stock tube. The new MOSFET will have a micro speaker to alert player when the battery is low. ETU has been improved for better trigger response and avoid over-press damage.

Ambidextrous fire selector, bolt release and magazine release buttons.

SMC9

SUB MACHINE CARBINE 9MM

Not just a 9mm Carbine! The SMC-9 is designed to give you the best quality product experience that will blow your mind! It is a pistol carbine kit that gives you a better range, stability, and full auto shooting features from G&G latest engineering technology.

120 Click Hop-Up Adjustment
Precision Tuned

Enlarged Gas Valve
Superior Gas Efficiency

Whirl Cylinder Technology
Long-Lasting Performance

100% MADE IN TAIWAN

GAS

50 ROUNDS STANDARD MAG

WORLD PATENT

SMC9
Converts G&G GTP9 pistol to Full auto Carbine!

Enjoy both pistol and carbine shooting experiences.

GC SERIES

INSPIRED BY THE MUSCLE LINES OF A CHEETAH, THE GC16 PREDATOR IS FULL OF AGGRESSIVE ELEMENTS IN ITS DESIGN. THE UNIQUE HANDGUARD COVERING THE MUZZLE OF THE GUN IMITATES THE FEROCITY OF A SNARLING CHEETAH. THIS DISTINCTIVE LOOK IS NOT ONLY FOR SHOW - IT ALSO PROVIDES THE LONGEST SIGHT RADIUS POSSIBLE WHEN USING IRONS. THE PREDATOR LINEUP COMES WITH 4 DIFFERENT COLORS AND 2 DIFFERENT GRADES, BUT ONLY THE GC16 GRADE FEATURES AMBIDEXTROUS FIRE SELECTORS. THE CM16 GRADE IS LIGHTER-WEIGHT AND BUDGET-FRIENDLY WITHOUT SACRIFICING THE ERGONOMIC DESIGN ON THE GRIP AND BUTT STOCK.

PCC45

EGC-PCC-045-BNB-NCM

LENGTH / 740 mm
WEIGHT / 2015 g
MAGZINE / 110 Round
INNER BARREL / 255 mm

The PCC45 is installed with an electronic trigger unit (ETU) and G&G's 4th generation in-line MOSFET that features 3-round burst control, battery protection, active braking, and new current control unit to prevent overheating and burning.

Ambidextrous controls include the fire selector, bolt release, and charging handle.

The new 8" rail system design on the PCC45 includes a quick-detach lever for easy installation and removal. It features M-LOK sections at 3, 6, 9 o'clock positions, and a picatinny rail on top.
It also has an anti-rotation tab that interfaces with the receiver.

The quick-change spring guide can be accessed by collapsing the folding stock removing the backplate of the receiver.

Fake Bullets

Fully Licensed

COMBAT MACHINE AIRSOFT GUNS | AEG | POLYMER | 8 mm | MOSFET | ETU

Includes Bipod and Fake Bullets.

Our 3rd generation MOSFET inside the CM47 will prevent trigger burns with a controlled current. It will also offer a burst control feature with battery protection and active braking.

The new G&G CM47 is installed with the second generation electronic trigger unit (ETU) for instant trigger response and prevent trigger lock common in traditional trigger switch design.

BB pellets manufactured by G&G Armament are high precision products, unlike other manufacturers in the market accepting tolerance of size and sphere within 0.05mm, G&G Armament control the tolerance within 0.01mm, which is the most precise BB pellets in the market. Perfect surface and precise size for incredible air-seal and feeding.Bio BBs from G&G Armament are true bio degradable, well packed in aluminum foil bags to preserve the quality of Bio BBs.

G&G Armament's BB pellets are well known for the best choice for high precision barrels and jam free BB pellets.100% Made in Taiwan and highest quality guaranteed.

G&G Armament's Global BB Marketing

Our stores and outlets deal directly with consumers and provide the most direct feedback from users. The testimonials and support of players around the world are why G&G's high-quality BBs are sold worldwide.

Real Action / Chile

www.realaction.cl

G & G is a great brand, which stands out for the high quality of its replicas, accessories and bbs, worrying about the perfection of their products, constant innovation and great variety.
It's a brand that goes beyond the sales of their products, is a brand that makes you part of of your family, worrying about your distributors as customers.
Motivates the players and enriches the sport with their world tournaments as worldwide contests, highlighting its great concern for excellence beyond the sale of the products.
G&G boost airsoft worldwide like no other brand.

AirsoftBoden / Norway

www.airsoftboden.no

We have sold G&G BBs and accessories for the last 6 years without any problems. The BIO BBs are always in high demand and are fairly priced for the excellent quality they provide. Always innovative and releases new and interesting products throughout the year.
And a big plus for their wonderful service and help the staff provide to their customers.

Armaq s.a. / Peru

www.armasperu.com

We are using G&G bbs. 0.20 and 0.25, 1 kg. pack. At the beginning we bought other brands, having constantly problem we our replicas 1) Clogged bbs. into snipers guns and 2) faulty bbs. Inside the package.
With G&G bbs we don't have any problem and the feedbacks are very good. The players are very happy with the product.

Hristo Airsoft Trgovina

Croatia

hristo.hr

Good Price , Good Quality : excellent accuracy, no feeding problems.

Power Gun / France

www.powergun.fr www.powergun.fr/terrain/bois

We sell G&G bbs and we sponsor a team on our field with G&G bbs.
We prefer these bbs because they are less expensive and better quality than other brands. And customers using inner barrel Ø6.01 prefer G&G because they never have any clogged bbs.

AIRSOFTZONE / Austria

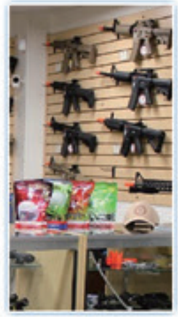

www.airsoftzone.com

G&G bbs feature an attractive price / performance ratio and a very high & stable quality level.
We started to sell G&G bbs more than 7 years ago because it was difficult to find good quality bbs on market. G&G bbs became very popular very fast and they are still our most demanded bbs in our product line. We get very positive feedbacks. Customers always confirm the high precision and quality standard.

Oregon Airsoft Arena / U.S.A.

www.oregon-airsoft.com

We only use G&G bbs inside our arena because they are manufactured to be extremely reliable and the most accurate on the market. There has never been a jam in any of our guns and they have been the top sellers in our pro shop for many years. They are irreplaceable as our go-to bb. We also support the outdoor player and when it comes to reliability G&G has the best Bio BB's. When players think that their gun is having problems most of the time it's because of lower grade Bio BB's. Once we show the customer the difference between brands, they switch to G&G Bio and the problems are gone.
We believe in being the best and selling the best and that is why when it comes to BB's we carry and sell the entire line of G&G BB's.

モケイパドック Japan

http://www.mokei-paddock.net

High performance & reasonable price.
Most of Airsoft fields are carrying G&G BB,
So it is very famous, and trustable.

41ミリタリー / Japan

http://www.41military.com

G&G BB are highly accurate, and getting supported from not only light users, but also high end,
so it is also suitable for customize model too.

LIBERATOR / Japan

http://liberator.jp/

Quality of G&G BBs are very high & stable, and so many Airsoft user choosing G&G BBs.

G&G M.I.T. Unit

G&G Military Intelligence Tracer Unit

G&G Military Intelligence Tracer Unit, short M.I.T Unit, was developed to fulfill the needs of military or law enforcement training programs in using Airsoft replicas as they are cleaner, cheaper and easier to maintain. However, the shooting range of the Airsoft replica is limited due to its nature. Most Airsoft replicas can only hit the target within 50 meters. By installing the M.I.T Unit to an Airsoft replica, the fire range can be increased up to 150 meters.
M.I.T accommodates multiple functions, like a tracer unit, a visible laser (laser function has to be used with G&G Battery Box w/ Laser Pointer), a BB counter and a chronometer to calculate the muzzle velocity. It is designed as a silencer so the M.I.T. Unit can be fitted to any airsoft replica that comes equipped with a threaded barrel.
The most interesting feature copies the concept of the MILES (Multiple Integrated Laser Engagement System), which is used by the US military for training. The MILES is basically a laser tag system, where the laser is activated by blanks being fired from the rifle. The M.I.T Unit functions very similarly. A sensor within the unit detects when a BB is fired and activates a short laser pulse, which would then activate sensors worn by other players when hit.

The target sensor could then signal the hit with sound and/or light. In other words, M.I.T Unit will not transform an airsoft gun into a laser gun because if a player runs out of BBs, the M.I.T Unit would not be activated. Therefore, players need to manage the consumption of their ammo. It's more realistic.
In sum, the basic idea of M.I.T Unit is to combine laser tag with airsoft, so that the advantages of both worlds can be utilized. At close distances the game would be the same as usual but beyond the maximal effective range of the BB pellets of roughly 50 m, encounters would still be possible up to around 150m.

The MIT is a multi-purpose tracer unit derived from G&G's Gen 1 tracer. It incorporates a simple control panel and what makes it different is the velocity measurement function, BB round counter, and support for integration with G&G battery boxes for coded laser pulses. When combined with helmet and vest receivers it becomes a complete training system. The MIT underwent mu ltiple re-designs and electronic tweaks to improve the product's construction and make it more lightweight. The all-aluminum casing helps to reduce weight. Distance was optimized through extensive day- and night-time testing and calibration of the receivers.

(B.D.U.)

Laser receiver for M.I.T
G-12-026

Helmet for M.I.T.
(green)

G&G M.I.T. Helmet, Sensor Vest

On top of the sensor helmet is a quick-release laser receiver. The receiver has sensors on four sides that allow the player to shoot from the top, front, left and right. The grid pattern on the front and back of the sensor vest can detected coded laser pulses to determine a hit. The signal is then transmitted to the helmet receiver to trigger flashing lights and noise. The hit player is then declared "dead", eliminating any disputes.

Other styles of the sensor vest are available for players to choose from.

M.E.T.

MULTIFUNCTIONAL ELECTRONIC TARGET

WORLD PATENT

SPEAKERS READY!

M.E.T. UNIT

MULTIFUNCTIONAL ELECTRONIC TARGET

M.E.T. unit is the perfect product for personal, military or law enforcement training. This is not an ordinary electronic target you could find anywhere in the market.
The G&G third generation MET has increased sensitivity, 4 LEDs, volume speakers and can be mounted on a wall. An independent power source is not required when linked up to multiple units; linked units will only require one power source. The third generation has 7 game settings (previously 4) waiting to be challenged.

Instant multi-function electronic target for the fairest competition

- ***Immediate:*** Light and sound for immediate and definite display of results.
- ***Fairness:*** Electronic timer can be used all types of shooting competitions.
- ***Environmentally friendly:*** Electronic target is reusable and durable.
- ***Innovative:*** Multiple targets can be linked together to create new shooting modes.
- ***Expandability:*** Can be connected to external speakers.

7 CHALLENGE MODES

1) Competition Mode (default setting)
Press the start button once to select this mode. In this mode, all targets are in stand-by mode with Blue lights on. When the first target is hit, it will turn Red and all targets' light will be shut off. This mode will determine who hit the target first. Press the start button again to reinitiate competition mode.

2) Versus Mode
Press the start button twice to select this mode. In this mode, only the master target is in stand-by mode with blue lights on. After the master target has been hit, it will flash a blue light and count down for five seconds. Once the countdown is done, all targets will turn solid blue. The first target that was hit will turn red for five seconds and game play will be auto reset. The Master target will return to standby mode with the the blue light on and be ready for replay.

3) Random Mode
Press the start button three times to select this mode. In this mode, the Master target will display a blue light with the other linked targets in standby mode. As soon as the blue light is hit, the next target will be activated randomly. Once all the targets are shot, the last target will turn solid red for 5 seconds, signaling the end of the round. The unit will auto reset for the next round.

4) Practice Mode
Press the start button four times to select this mode. In this mode, all targets will display a blue light. The target will turn red when hit and the last target will blink red for five seconds, signaling the end of the round. The unit will auto reset for the next round.

5) Search and Destroy Mode
Press the start button five times to select this mode. In this mode, the shooter will be challenged by locating the target from the sound it makes. The target will display a blue light and constantly make a noise. The noise will stop and the light will turn red once the target has been hit. To set up the game for this mode, targets should be hidden or covered without being seen easily. Shooters in this mode should rely on hearing instead of sight.

6) Hostage Rescue Mode
Press the start button six times to select this mode. This mode is the most difficult mode for most shooters. Red light: Hostile/ Blue light: Hostage. Red light will be turn off after hit. Blue light will stay light up after hit.
In a situation when last target was hit in red light, then the game will restart itself without pressing any button.However, if any target was hit in blue light during the game, then the game will not restart until the push button is pressed again.

7) Time Bomb Mode
Press the start button seven times to select this mode. The initial target will light up in blue. The game starts after the blue initial target has been hit, then targets will begin randomly light up. Each target will only light up for 3 seconds, if the lighted target has not been hit within 3 second time, then this target will turn in red light and game over. Timer will stop as soon as the game is over.

[Maintenance Box]
P-04-001

After completing Project 123, your store information will be listed on the guay2.com website as an Official G&G Dealer

Different marketing materials will be provided depending on the location, market, and availability.

The PROJECT 123 Process

You will receive an introductory package containing items to get you started.

1. You will receive 13 G&G dealer stickers (shown above).
   Place at least 5 around your office / shop / working area and take pictures of each.
2. Complete the provided G&G survey.
3. Provide the names of each front desk employee, including Polo Sizes (US sizes S to 2XL)
4. Email the above pictures, documents, and your company logo (JPEG, minimum 300 DPI) to ***support@guay2.com***

Once completed you will receive a free maintenance box as well as additional marketing materials.

ETU SYSTEM

- The G&G's electronic trigger unit is pre-installed for faster response and to prevent trigger burns or lock in rapid semi-auto firing.
- Programmable fire mode full auto or 3-rounds burst by holding down the trigger for 10 seconds.

[ETU & FULL AUTO TO 3-ROUND BURSTS SETTING]

- To set up full auto to 3-round bursts.
- Switch the selector switch to semi-auto mode and hold the trigger for 10 seconds, the set-up is now completed.
- Repeat above steps to switch 3-round bursts to full auto.

CERAMIC BUSHING

Ceramic material (Zirconia) Features:

1. High strength, wear and thermal shock resistance.
2. Pores of ceramic hold more lubrication than metal bearings.
3. Lower friction than other materials without any lubrication.

Advantage of Ceramic Bearings:

1. High strength against wear or tear in high cycle gearbox.
2. Heat resistance keeps ceramic bearings in shape under extreme working conditions.
3. Ceramic bearing is a type of Self-lubricating bearing, gear is able to spin freely even without any oil or grease.

G&G ARMAMENT
AIRSOFT GUNS & ACCESSORIES
WWW.GUAY2.COM

We at G&G would like to show our appreciation to all the airsoft players and businesses who put their confidence in our brand. We are proud to announce the Customer Reward Program as token of our gratitude to G&G supporters worldwide.

ENTRY DETAILS

Every new G&G Airsoft gun comes with an official G&G gun tag. Found on the back of the tag are two sets of numbers: a serial number and an authentication code hidden behind a scratch-off silver coating. Register both numbers online (guay2.com/3t or scan the QR code) for a chance to win a G&G gun on us! A winner is chosen every month!

If you have any questions regarding terms and conditions, please contact us via:
support@guay2.com

LUCKY DRAW 2021 GRAND PRIZE

Sell G&G and win G&G
Buy G&G and win G&G

Register your gun tag for a chance to win a free rifle.
